

### Family Challenge

Our challenge this week takes you once more to the online sign language forum website where you will find a spelling game. The game spells different words for you and your task is to see how many you can work out in just 2 minutes. To start, just enter your name and press play.

You might like to work them out together and see if you can improve your score over the course of the week or, if you are really confident, why not set up your own family leader board and try to knock each other off the top spot.

Remember this is intended *just for fun* and to help break down communication barriers for us when talking to those with hearing problems.
